

## SWABS made of UltraSOLV®

### Also models with ESD safe tip

- Ideal tool for cleanroom cleaning
- Solvent resistant
- Packed in cleanroom

#### Advantages:

- Streak-free cleaning of sensitive surfaces
- excellent receiving particles and residues
- High strength and abrasion resistance
- Extremely low ionic and NVR levels for HDD and optic cleaning applications

Dimensions shown as mm **W** = Width **L** = Length **T** = Thickness

Kopf-Material: UltraSOLV® - Schaum (Polyurethan)
