NEWSLETTER

AUTUMN 2016

30 years company anniversary

In 1986 the company was founded by Mr. Hans J. Michael himself. After the first years in Stuttgart, the company moved to Backnang. Caused on continuous increased volume of orders we moved 2005 to Weissach im Tal where we have a large stock on hand.

We would like to thank all our customers for their long lasting loyalty. Also we thank our manufacturers and distributors for delivering us with high quality products all over the years!

Our HJM-Team is very motivated. We have the right concept for an optimal service for you. We will furthermore do our very best to keep our customers satisfied.

We would be pleased, if you keep in touch with us also in the future and say already in this time

Thank you!

Your HJM team

Produkt innovations – From now on available

SYSTEM TROLLEY ERGO PurQuip® For Cleanroom GMP area A/B and C/D

- Exact dosage with mop wetting unit
- Contactless dropping device
- Made of cleanroom usable stainless steel
- Available with stainless steel or plastic buckets

SYSTEM TROLLEY CLINO® CR4 Models for GMP area A/B and C/D

- Modul assembly system enables maximum flexibility
- MopDrop device for contactless opening of the mop frame
- System boxes EASY MOP, made of plastic or stainless steel
- Made of cleanroom usable stainless steel

We have a large choice of system trolleys for ISO class 4/5 (A/B) and ISO class 7/8 (C/D) – Gladly we will send you our complete cleaning equipment catalogue.

Cleanroom vacuum cleaner VP 300 HEPA EU2

- For easy and moderately cleaning work
- Dust class F
- Noise level only 50dB(A)/BS 5415
- HEPA filter system
- CE sign
- Weight only 5,3 kg

Usable in cleanroom ISO class 7

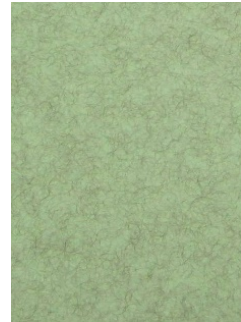

Produkt innovations – From now on available

STACLEAN – Conductive cleanroom paper

- Electric conductivity: $10^6 \Omega$
- Suitable for copying
- Recyclable
- Sizes: A4 and A3

Cleanroom ISO class 6 usable

CLEANROOM spiral collegebook

- Easy to write on and tear resistant
- High-density Polyethylene cover, plastic spirals and durable clean paper
- Translucent cover
- A4 and A5 – lined or graphed available
- Graphed: Light blue / Lined: White

Cleanroom ISO class 5 usable

ESD Mousepad

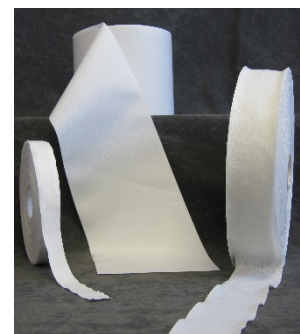

- Double layers, anti-slip conductive rubber and 10mm push button for earthing cable
- Surface resistivity: $10^3 \sim 10^4 \Omega$
- Size: 20 x 24 cm
- Colour: Black

No minimum order quantity

CLEANROOM wiper on rolls

- Endless cleaning processes for precise optical machines and tools
- Wiper material: 75% Polyester/25% Nylon or 100% Polyester
- Core material: PVC, inside \varnothing 20 mm, outside \varnothing 26 mm
- Resistant against many chemicals
- Low particle generation, cleanroom ISO class 4 fit
- Various widths and lengths available

We would be pleased to provide you an offer – Please contact us!

Produkt innovation – From now on available

Palm Fit Glove – Motley

- With PU-coated palm
- Abrasion resistant
- Standard colour: White
- Special colours: Green, blue and red
for example for definition of different production areas
- Packaging unit: 10 pairs
- Sizes: S - XL

Our perennial issue

HHPC-6+ / HHPC-3+ Handheld particle counters for mobile monitoring

The particle counters HHPC-6+ and HHPC-3+ are cost effective mobile solutions for particle monitoring in cleanrooms, using a single counter for regular measurements of the cleanliness at many locations and trouble shooting particle contamination problems in cleanrooms. It may also serve as a reference counter for stationary particle monitoring systems, investigating alarm solutions or for integrity testing of cleanroom walls, clean benches and filter ceilings.

Technical datas HHPC-6+

Calibration: 6 channels (0.3/0.5/1.0/2.0/5.0/10.0 μm)
Flow rate: 0,1 cfm (2,83 l/min.)

Technical datas HHPC-3+

Calibration: 3 channels
1 fixed channel (0.3 μm)
2 free channels (0.5/1.0/2.0/5.0/10.0 μm)
Flow rate: 0,1 cfm (2,83 l/min)

Both types convincing all around. See for yourself!
